SUMMARY

Detail-oriented BCA graduate currently pursuing MCA, skilled in Python, SQL, Excel, and SAP Analytics Cloud. Experienced in data cleaning, exploratory data analysis, and data visualization, with foundational knowledge of web development and databases. Passionate about using data to generate insights and support data-driven decision-making.

WORK EXPERIENCE

Data Analytics & SAP Technology Inter — **Nov 2024 – Apr 2025**
Edunet Foundation Remote (India)

Android App Development Intern — **Jun 2025 – Jul 2025**
LaunchED Global Remote (India)

Data Science Intern — **Feb 2026 – May 2026**
Unlox Academy Remote, India

EDUCATION

Bachelor's of Computer Applications — **Jun 2022 – Apr 2025**
Charusat University of Science & Technology

Master's of Computer Applications — **Sept 2026 - Present**
Charusat University of Science & Technology

PROJECTS

The Data-Driven Social Engagement Initiative (MySQL, Python, NLP, EDA, Power BI)
Data Science Intern

- Worked on real-world Data Science projects involving data cleaning, EDA, predictive modeling, and visualization using Python, Pandas, NumPy, Power BI, Excel, Jupyter Notebook, and MySQL.

Employee Attrition Analysis (Python, Pandas, Seaborn, Matplotlib, VSCode)
Data Analytics & SAP Technology Intern

- Completed the Educate to Employ Program in Data Analytics and SAP, gaining hands-on experience in Excel, business analysis, and SAP Analytics Cloud, and delivered an Employee Attrition Analysis project using real-world data.

MyAnimeTracker (React Native, Expo go, Visual Studio, Firebase Realtime data)
Android App Development Intern

- Built an interactive mobile application featuring secure Login/Signup with form validation, real-time data syncing, and complex navigation. Leveraged State/Props management and Modular Architecture to create reusable components and a seamless UI/UX.

TripTrov - Travel Booking Website (PHP, MySQL, HTML/CSS, JavaScript)

- Developed a dynamic travel booking platform with user authentication, package exploration, and booking features, along with an admin panel for managing packages and users using MySQL.

SKILLS

- **Technical Skills :** Python, Data Analytics, Power BI, Data Visulization, Exploratory Data Analysis, Html, CSS, Javascript, PHP, MySQL, Pandas, Numpy, Matplotlib, NLP

- **Soft Skills :** Creative Thinking & Innovation, Interpersonal Skills, Professional Work Ethic, Team Collaboration, Analytical & Critical Thinking, Problem-Solving Ability, Professional Discipline & Accountability
